UNIT OUTLINE

BB001-512 & 712, Introduction to Biblical Theology

Description	While the Bible is made up of not only two testaments, but many varied books and letters, there are still common themes that run through the unfolding narrative of the Scriptures. It is important for all Christians and readers to appreciate these themes, and to read and study the Scriptures with an appreciation for and understanding of these themes. In this unit, attention will be paid to the resulting task of biblical theology, the contribution of the major divisions of the Scriptures, and six selected themes.
