

UNIT OUTLINE

PC004-512 & 712, Christian Worship

Description	Worship has always taken a significant place in the expressions and life of the Christian community in both local and universal context. In this unit, consideration will be given to the roots of Christian worship, from creation through to the Christian church in historical context. This will be followed by a consideration of principles and practicalities of worship, including a reflection of the future of worship.
